PROFILE SUMMARY

Passionate Frontend Developer skilled in React.js, JavaScript, and Tailwind CSS. Pursuing BCA from Manipal University (Online). Experienced in building responsive, animated UIs using GSAP. Eager to contribute to real-world projects and grow through hands-on frontend development work.

TECH SKILLS

- **Languages** — JavaScript (ES6+), HTML5, CSS3
- **Frameworks/Libraries** — React.js, GSAP (GreenSock)
- **Styling/UI** — Tailwind CSS, Responsive Design
- **Tools & Platforms** — Git, GitHub, VS Code, Vercel

PROJECTS

RepairMate – Local Appliance Repair Booking Website

React.js | Tailwind CSS | GSAP | Vercel

- Designed and developed a responsive single-page application for appliance repair bookings.
- Integrated a 'Book a Repair' form with validation and live search
- Implemented GSAP + Lenis for smooth animations and scrolling.
- Used Tailwind for rapid, consistent styling and deployed via Vercel.

Personal Portfolio Website

React.js | Tailwind CSS | GSAP | Vercel

- Built a fully responsive personal portfolio showcasing skills and projects.
- Implemented smooth GSAP animations and transitions for better UX.
- Optimized performance and deployed using Vercel.

EDUCATION

Manipal University – Online (2025–Present)
Bachelor of Computer Applications
